

How to Schedule an Audio Conference using Sonexis?

Browsers Supported

Sonexis supports Internet Explorer (IE), Firefox, Chrome, and Safari.

Note: the browser may ask for permission for the Conference Manager browser plug-in to run be aware of the popup message and follow the prompts.

Logging into ConferenceManager

Press control and click the link below to login to Sonexis

<https://conference.gc.cuny.edu>.

Logging in as a Host

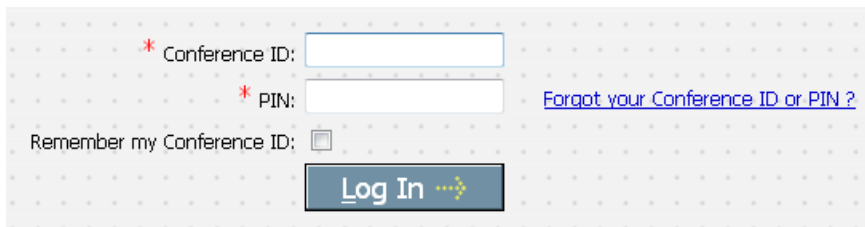

You can log into ConferenceManager as a host if you already have a host account. If you do not have an account, contact IT Services.

To login:

Step 1. From the Login page, click **Host Log In**.

The Host Log In page appears.

A screenshot of the Host Log In form. It features two input fields: 'Conference ID:' and 'PIN:'. Both fields have a red asterisk to their left. To the right of the PIN field is a blue link that says 'Forgot your Conference ID or PIN?'. Below the input fields is a checkbox labeled 'Remember my Conference ID:'. At the bottom right is a dark blue button with the text 'Log In' and a yellow arrow icon.

If you have an account but have forgotten the login information, click **Forgot your conference ID or PIN?** to receive your reset PIN by email.

Step 2. Enter your **Conference ID** and **PIN**.

Step 3. Click **Log In**.

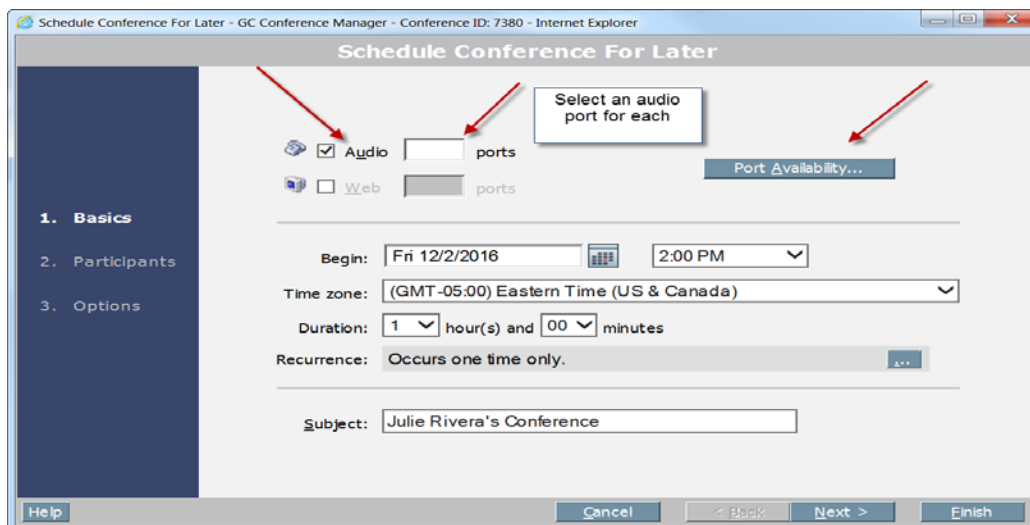

How to Schedule an Audio Conference using Sonexis?

Scheduling Conferences with ConferenceManager

Step 1. From the My Conferences page, click **Conference Now** or **Conference Later**.

A new window will appear.

This window has three tabs, **Basics**, **Participants**, and **Options**. Click **next / back** or click on the page names to move from page to page while entering conference information.

Selecting an audio port for each participant is mandatory. For example, if you are going to conference three other parties, you will need to put 4 in the audio ports cell. The system will reserve the ports for you. We have a total of 48 audio ports. If you want to see if there are ports available, click on the **Port Availability** button.

Once you specify the number and type of audio ports to reserve, set the time, duration, and enter the subject of the conference. Click **Finish** to schedule the conference.

How to Schedule an Audio Conference using Sonexis?

Step 2. Click **Next** to view the Participants page.

Screenshot of the "Schedule Conference For Later" web interface. The interface shows a sidebar with "1. Basics", "2. Participants", and "3. Options". The main area has a "Participants" section with a table for adding participants. The table has columns for "Full Name", "Type", and "Address". A callout box points to the "Full Name" column with the text "Click here to open a text field". Another callout box points to the "Create PINs for participants" checkbox with the text "Enter a check mark and the system will create a pin for each participant". The table is currently empty, and the text "Click here to add participant" is visible at the top of the table. At the bottom, there are buttons for "Help", "Cancel", "< Back", "Next >", and "Finish". The status "Total participants: 0" is shown at the bottom right.

Step 3. To add a participant under the Full Name column, **click here to add participant**.

Step 4. Enter the full name and email address of the participant.

Step 5. Press **Enter**.

- To delete a participant, click the X before the name.
- Select "Create PINs for participants" if you want a security Pin for each participant.

Step 6. Click **Next** to view the Options page; or, if you do not need to set any options, click **Finish**.

The Options Screen provides a place to enter a description of the conference plus a conference password. The password and the account code is optional.

How to Schedule an Audio Conference using Sonexis?

Screenshot of the "Schedule Conference For Later" web form in Internet Explorer. The browser title bar shows "Schedule Conference For Later - GC Conference Manager - Conference ID: 7380 - Internet Explorer". The form has a dark blue sidebar on the left with a menu:

- 1. Basics
- 2. Participants
- 3. Options

The main content area contains the following fields:

- Description: [Text area]
- Conference password: [Text input]
- Account code: [Text input with value "Leave this field blank"]
- Preferences: [Text input with value "Use custom settings" and a dropdown arrow]

A tooltip box with the text "The Conference password is optional." has a red arrow pointing to the "Conference password" input field.

At the bottom of the form, there are four buttons: "Help", "Cancel", "< Back", and "Next >", followed by a "Finish" button.

When all is completed, click the **Finish** button.
