- Ann Henderson spoke to the committee regarding: (a) the amount of time that takes students to do their Second Exam. (b) The number of students being accepted into the Computer Science program is too high compared to the size of the applicant pool: 66 % of applicants are accepted. (c) We need to make NYC our first choice when recruiting students.
- Amendment to the original motion: Those faculties in the Doctoral Program that do not meet criteria will be given an opportunity to make up and participate before being dismissed. Faculty will be given one year since initial notification / email to remedy their inactivity. Motion accepted.
- Discussion: How to make students attend our Colloquium. Should students pick a mentor by the end of the 2nd year.

Meeting adjourned.
