Notes to Tuition Rate Tables: Doctoral Students

*A student may attain full-time status for financial-aid purposes either by registering for a minimum of 7 academic units (doctoral degree students) or for a minimum of 12 academic credits (master's degree students) or by receiving certification for an equivalent academic commitment composed, in part or entirely, of Weighted Instructional Units (WIUs), which are assigned for such activities as teaching, exam preparation, and research. Level I doctoral students whose combined total of course credits and WIUs is 7 or greater are required to pay full-time tuition. Master's students whose combined total of course credits and WIUs is 12 or more are required to pay full-time tuition. Note: Should an academic program deem it necessary for a student to register for a course on an audit basis as part of the student's

required course of study towards the degree, WIUs shall be added, which will be applied toward the calculation of the student's financial aid. The student will incur a tuition charge, based upon the credit value of the course, in accordance with Graduate Center billing rules.

**Movement to Level III tuition status results from Advancement to Candidacy. The "Advancement to Candidacy" form must be executed by the head of the student's program and filed in the Registrar's Office by the end of the third week of classes for verification. Level III students registered for courses for credit (with the exception of 90000-level courses) will be charged \$440 per credit for New York State residents and \$755 per credit for non-residents; no charges will be imposed for courses registered as audits.
