1. Open **settings** on your iPhone (Fig. 1) and click on **Wi-Fi**.

2. From the Wi-Fi menu (Fig. 2), make sure Wi-Fi is set to on, and click on **GCcommunity** from the list of available networks. This will bring up the pop up screen to enter your **GC network credentials** (Fig. 3).

3. Once you enter your credentials, click on next and you will be automatically connected to the network.
