Please note that this office promotes media coverage of the GC, all of its entities and affiliated faculty. The communications team can help garner press coverage of your research and other newsworthy accomplishments, as well as promote awareness of this work via our internal communications channels (the GC and ASRC websites and Twitter accounts). Below, please find several items of information that will be useful in helping us publicize your work.

* If you would like to publicize a forthcoming study about your research, please note our **policies and protocols on submitting a request at least 2 weeks in advance** of formal publication.

* If you are contacted directly by media for an interview, our team can help coordinate the details of the interview and ensure that organizational affiliations, titles and other items are addressed efficiently and correctly. Please let us know as soon as you are contacted so that we can lend assistance.
