WANTED

ADULTS WITH NORMAL HEARING OR HEARING LOSS TO PARTICIPATE IN HEARING RESEARCH

If you are eighteen years or older with normal hearing or mild/moderate hearing loss, you may be eligible to participate in a research study and earn $10.00 per hour.

The research is being conducted at:

The Graduate Center, CUNY
365 Fifth Avenue, Rm. 7402
New York, NY 10016

You will have a complete hearing evaluation and will be asked to sit in a quiet room and place a small probe in the ear canal. Most of the time you will just be asked to sit quietly and listen to sounds. Some of the time you will have to press buttons to indicate when you heard sounds or make other judgments about the sounds.

The information collected in this study will be used to develop improved methods of evaluating hearing.
