REGISTRATION GUIDELINES FOR FALL 2013

In order to register you need to log into the secure self-service area of banner (https://ssb.gc.cuny.edu/prod/plsql/twbkwbis.P_WWWLogin). Instructions on how to register and the login for the secure area can be found by clicking on the student web link at <www.gc.cuny.edu>. It is the responsibility of the student to know the general academic requirements of the University and the specific requirements of the program in which he or she is matriculated.

Doctoral and masters students will receive a personalized registration information email which will include registration instructions and appointment times. All students are required to consult with their Executive Officer or academic advisor prior to registering. Students may be required to enter an advisement PIN (a PIN which you will be prompted to enter only when you attempt to register). Students assigned advisement PINs will receive notification in their registration information letter along with instructions to contact their academic program to make an appointment for advisement.

Students register for courses that appear in the Graduate Center web site or Announcement of Courses by logging into the secure area of banner "student web." Each course appearing in the class schedule has a number in brackets [CRN]. To register for a class, enter the CRN in the appropriate worksheet box on the web registration screen. If you do not have a class schedule or if you are unsure of the CRN codes, click on the Class Search button at the bottom of the screen to review the class schedule and to search for courses. Follow the instructions on the screen to complete the registration.

Variable credit courses - In some cases courses do not have a fixed credit value and students may choose the number of credits they are to attempt. Examples of variable credit courses are most independent study courses and most courses offered by the English Program. When registering for variable credit courses, please note that the registration will be processed automatically for the lowest credit value available. You may change this credit value by clicking on the credit number in the registration screen.

Matriculated students registering for courses that are offered at another CUNY college, but do not appear on the Graduate Center Announcement of Courses, must complete the Request for Permit Out Form which is available from the Assistant Program Officer of your academic program, in the Office of the Registrar. The form may also be downloaded from the Office of the Registrar web page (<http://www.gc.cuny.edu/Prospective-Current-Students/Current-Students/Registration>). Once the form is completed and approved by the academic program, the student should submit the form to the Office of the Registrar in room 7201 for processing. Every attempt will be made to make arrangements with local registrars for the registration for courses offered at the campuses that are relevant and necessary for the pursuit of a Graduate Center degree.

Doctoral students wishing to take courses through the Consortium must complete the Inter-University Cross Registration Form as well as the Request for Permit Out Form both of which are available in the Office of the Registrar. Please submit the Request for Permit Out Form to the Office of the Registrar as soon as possible so that registration processing for the course can begin. Once all the signatures are obtained on the Inter-University Cross Registration form then it should also be submitted to the Office of the Registrar in Room 7201. Please note that the completed Inter-University Cross Registration form must be returned to the Office of the Registrar by the end of the third week of the semester.

Non-matriculants, permit students and auditors must file an application in advance of registration. Applications may be obtained in the Office of the Registrar and at the academic departments. The deadline to file for admission as a non-matriculant, permit student or auditor for the Fall 2013 semester is August 8, 2013. In addition, enrollment in courses is at the discretion of each academic program.

Please note that non-matriculant and audit applicants pay the \$125 application fee if they are attending for the first time or reapplying after an absence of one or more semesters and pay full tuition and fees at the time of their registration. Permit students are not charged the application fee. If you need assistance with the log-in PIN or registration related questions contact the Office of the Registrar in room 7201. If you need technical assistance contact Information Resources at 212 817-7300.

If you have academic questions or forgot your advisement PIN contact your academic program.

Billing Information - Fall 2013

Non-matriculated students must pay all tuition and fees at the time of registration. Matriculated students who early registered must pay their bills no later than Friday, August 24. Continuing students who register on or after August 24 must pay their tuition and fees at the time of registration. Credit card payments (American Express, MasterCard or Discover) may be made through the "student web" by following the links on the registration screen. Please note that there is a 2.65% convenience fee charge on all credit card payments.

Program Changes

No course may be added after the first week of classes without permission from the academic program offering the course. The deadline for adding a course is September 14, 2012. Changes are initiated by the Executive Officer. A fee of \$10 for adds and drops after the student's schedule has been approved and recorded may be assessed. Students should be aware that a program change may affect their tuition liability.

Readmission

Students who apply to return to The Graduate School after an absence of one or more semesters (exclusive of summer session) must file a readmit application by August 8, 2013 and are required to pay a \$10 readmission fee. Students returning from official leaves of absence are also required to pay the readmission fee.

Non-Payment Service Fee

Students who are delinquent in paying tuition and fees must pay a \$15 fee in addition to all outstanding bills to regain the privileges of good fiscal standing with The Graduate School, including the right to attend classes and access their student records. If the student is required to pay a readmission fee, the "non-payment service fee" will also be assessed if appropriate.

Duplicate I.D. Card

Students who have lost their I.D. cards will be issued a duplicate upon payment of a \$5 fee.

Leaves of Absence

Leaves of absence must be received in the Office of the Registrar no later than August 27, 2013. No leave of absence may be granted until the following offices have authorized clearance: Financial Aid, International Students, Housing, Library, Bursar, and Business.

Debarment

Failure to meet financial obligations or to return books to any CUNY college library may result in the withholding of transcripts, grade reports, certifications, or other information about a student. Future registration may not be permitted due to debarment for these reasons as well as for failure to meet the immunization requirement (see page 2).

Records

The student's graduate record is housed at The Graduate School. The Office of the Registrar handles all requests for transcripts (\$7 fee, except to CUNY colleges). Veterans Administration forms, changes of program, change of name or address, and all grade processing must be directed to The Graduate School Registrar in a timely fashion.

International Students

Requests for certifications, visa renewals, and other related services should be directed to the Office of International Students.

Additional Billing Information

- 1.If a check tendered to any unit of The City University in payment of any obligation is not honored by the bank upon which it is drawn, a reprocessing fee of \$15 will be assessed.
- 2.The current Graduate School Bulletin contains the schedule of tuition refunds established by the Board of Trustees.
- 3.All students who withdraw and/or drop from classes should consult the liability/refund schedule published in the Graduate Center Bulletin.
- 4.All students who are administratively withdrawn from classes will receive a grade of "WA" and are fully tuition liable.
- 5.If you do not make full payment on your tuition and fees and other college bills and your account is sent to a collection agency, you will be responsible for all collection costs, including agency fees, attorney fees and court costs, in addition to whatever amounts you owe the college. In addition, non-payment or a default judgment against your account may be reported to a credit bureau and reflected in your credit report.

Financial Assistance**The Revolving Student Loan Fund**

Students needing a modest sum of money to meet short-term educational needs (other than tuition charges) may borrow funds from The Graduate School on an interest-free basis. For further details, inquire at the Office of Financial Aid.

All eligible students are urged to file for the Tuition Assistance Program Award. Information is available in the Office of Financial Aid.

Tuition and Fee Schedules

All fees and tuition charges listed in this announcement and in any registration material issued by The Graduate School are subject to change by action of the Board of Trustees of The City University of New York without prior notice. In the event of any increase in the fees or tuition charges, payments already made to The Graduate School will be treated as a partial payment, and notification will be given of the additional amount due and the time and method of payment. All payments are to be made to the Bursar. Make checks payable to CUNY Graduate School. Payment may also be made on-line by credit card (American Express, Master Card or Discover).

New York State Residency

For the purposes of determining tuition charges, a student is considered a resident of the State of New York if he or she has his or her principal place of abode in the State of New York for a period of at least twelve consecutive months immediately preceding the first day of classes for the semester with respect to which the residency determination is made, states his or her intention to live and maintain permanently his or her principal abode in New York State, and is not in the United States on a temporary visa. All students requesting change of residency must file a City University Residence Form at the Office of the Registrar with sufficient supporting documentation. The deadline for filing to be effective for the Fall 2013 semester is September 17, 2013.

Women's Studies Certificate Program

The Certificate in Women=s Studies is available to students matriculated in the Ph.D. programs at The Graduate Center. Women=s Studies is an interdisciplinary approach to research and scholarship that draws on various disciplines, while challenging disciplinary boundaries. The general aim of the program is to offer critical reflection on the experiences of both women and men in terms of differences of gender, sexuality, race, class, ethnicity and nation. Students are prepared to teach courses and to do research in Women=s Studies and related critical approaches to the disciplines, such as those developed in Queer Studies, Postcolonial Studies, and Cultural Studies. Besides focused course work and guidance in research, Women=s Studies offers participation in a wide range of graduate student and faculty activities, including lecture series and forums. Students are also invited to participate in the research programs and seminars at the Center of the Study of Women and Society at the Graduate Center.
