IMMUNIZATION REQUIREMENTS**Measles/Mumps/Rubella**

In accordance with New York State Public Health Law, Article 21, Title VI, Section 2165, all full- and part-time students who were born on or after January 1, 1957, must present proof of immunization against measles, mumps, and rubella. The Graduate Center will cancel or bar the registration of those students who do not comply. Students who register and are subsequently barred from attending class will receive "WA" (administrative withdrawal) grades and are tuition liable. Health records will be kept confidential and will be available for reference only to those Graduate School personnel whose job duties require information from those records.

Some students may be exempt from this requirement. A copy of Public Health Law 2165 is available in each of the Student Services Offices as well as in the Office of the Dean for Student Affairs. The Graduate School and University Center of The City University of New York

Meningitis

New York State Public Health Law 2167 requires that all college and university students enrolled for at least six semester hours return a Meningococcal Meningitis Vaccination Response Form before they may register.

IMPORTANT NOTICE OF POSSIBLE CHANGES

The City University of New York reserves the right, because of changing conditions, to make modifications of any nature in the academic programs and requirements of the University and its constituent colleges without advance notice. Tuition and fees set forth in this publication are similarly subject to change by the Board of Trustees of The City University of New York. The University regrets any inconvenience this may cause.

REGISTRATION GUIDELINES FOR SPRING 2013

All students register for courses via the world wide web. In order to register you need to log into the secure area of banner "student web". It is the responsibility of the student to know the general academic requirements of the University and the specific requirements of the program in which he or she is matriculated.

Doctoral and masters students will receive an email with personalized registration information including registration instructions and appointment times. All students are required to consult with their Executive Officer or academic advisor prior to registering. Students may be required to enter an advisement PIN (a PIN which you will be prompted to enter only when you attempt to register). Students assigned advisement PINs will receive notification in their registration email along with instructions to contact their academic program to make an appointment for advisement.

Students register for courses that appear in the Graduate Center web site or Announcement of Courses by logging into the secure area of banner "student web." Each course appearing in the class schedule has a number in brackets [CRN]. To register for a class, enter the CRN in the appropriate worksheet box on the web registration screen. If you do not have a class schedule or if you are unsure of the CRN codes, click on the Class Search button at the bottom of the screen to review the class schedule and to search for courses. Follow the instructions on the screen to complete the registration.

Variable credit courses - In some cases courses do not have a fixed credit value and students may choose the number of credits they are to attempt. Examples of variable credit courses are most independent study courses and most courses offered by the English Program. When registering for variable credit courses, please note that the registration will be processed for the lowest credit value available. You may change this credit value by clicking on the credit number in the registration screen.

Matriculated students registering for courses that are offered at another CUNY college, but do not appear on the Graduate Center Announcement of Courses, must complete the Request for [Permit Out Form](#) which is available on-line, from the Assistant Program Officer of your academic program and in the Office of the Registrar. Once the form is completed and approved by the academic program, the student should submit the form to the Office of the Registrar in Room 7201 for processing. Every attempt will be made to make arrangements with local registrars for the registration for courses offered at the campuses that are relevant and necessary for the pursuit of a Graduate Center degree.

Doctoral students wishing to take courses through the Consortium must complete the [IUDC Request for Permit Out Form](#), which is available in the Office of the Registrar as well as the Inter-University Cross Registration Form. Please submit the Request for Permit Out Form to the Office of the Registrar as soon as possible so that registration processing for the course can begin. Once all the signatures are obtained on the Inter-University Cross Registration form then it should also be submitted to the Office of the Registrar in Room 7201. Please note that the completed Inter-University Cross Registration form must be returned to the Office of the Registrar by the end of the third week of the semester.

Non-matriculants, permit students and auditors must file an application in advance of registration. Applications may be obtained in the Office of the Registrar. The deadline to file for admission as a non-matriculant, permit student or auditor for the Spring 2013 semester is January 7, 2013. In addition, enrollment in courses is at the discretion of each academic program.

Please note that non-matriculant and audit applicants pay the \$125 application fee if they are attending for the first time or reapplying after an absence of one or more semesters and pay full tuition and fees at the time of their registration. Permit students are not charged the application fee.

If you need assistance with the log-in PIN or registration related questions contact the Office of the Registrar in Room 7201. If you need technical assistance contact Information Resources at 212 817-7300.

If you have academic questions or forgot your advisement PIN contact your academic program.

BILLING INFORMATION - SPRING 2013

Non-matriculated students must pay all tuition and fees at the time of registration. Credit card (MasterCard, American Express or Discover) payments may be made through the "student web" by following the links on the registration screen.

Matriculated students may pay their bills by credit card (MasterCard, American Express or Discover) on-line through "student web." Matriculated students who early registered must pay their bills no later than Friday, January 25. Continuing students who register on or after January 28, must pay their tuition and fees at the time of registration.

Program Changes

No course may be added after the first week of classes without permission from the academic program offering the course. The deadline for adding a course is February 15, 2013.

A fee of \$10 for adds and drops after the student's schedule has been approved and may be assessed. Students should be aware that a program change may affect their tuition liability.

Readmission

Students who apply to return to The Graduate School after an absence of one or more semesters (exclusive of summer session) must file a [readmit application](#) by January 7, 2013 and are required to pay a \$10 readmission fee. Students returning from official leaves of absence are also required to pay the readmission fee.

Non-Payment Service Fee

Students who are delinquent in paying tuition and fees must pay a \$15 fee in addition to all outstanding bills to regain the privileges of good fiscal standing with The Graduate School, including the right to attend classes and access their student records. If the student is required to pay a readmission fee, the "non-payment service fee" will also be assessed if appropriate.

Duplicate I.D. Card

Students who have lost their I.D. cards will be issued a duplicate upon payment of a \$5 fee.

Leaves of Absence

[Leave of absence forms](#) must be submitted to the Executive Officer and received in the Office of the Registrar no later than January 25, 2013. No leave of absence may be granted until the following offices have authorized clearance: Financial Aid, International Students, Housing, Library, Bursar, and Business.

Debarment

Failure to meet financial obligations or to return books to any CUNY college library may result in the withholding of transcripts, grade reports, certifications, or other information about a student. Future registration may not be permitted due to debarment for these reasons as well as for failure to meet the immunization requirement (see page 2).

Records

The student's graduate record is housed at The Graduate School. The Office of the Registrar handles all requests for transcripts (\$7 fee, except to CUNY colleges). Veterans Administration forms, changes of program, change of name or address, and all grade processing must be directed to The Graduate School Registrar in a timely fashion.

International Students

Requests for certifications, visa renewals, and other related services should be directed to the Office of International Students.

ADDITIONAL BILLING INFORMATION

1. If a check tendered to any unit of The City University in payment of any obligation is not honored by the bank upon which it is drawn, a reprocessing fee of \$15 will be assessed.
2. The current [Graduate School Bulletin](#) contains the schedule of tuition refunds established by the Board of Trustees.
3. All students who withdraw and/or drop from classes should consult the liability/refund schedule published in the [2012-2013 Student Handbook](#).
4. All students who are administratively withdrawn from classes will receive a grade of "WA" and are fully tuition liable.
5. If you do not make full payment on your tuition and fees and other college bills and your account is sent to a collection agency, you will be responsible for all collection costs, including agency fees, attorney fees and court costs, in addition to whatever amounts you owe the college. In addition, non-payment or a default judgment against your account may be reported to a credit bureau and reflected in your credit report.

FINANCIAL ASSISTANCE**The Revolving Student Loan Fund**

Students needing a modest sum of money to meet short-term educational needs (other than tuition charges) may borrow funds from The Graduate School on an interest-free basis. For further details, inquire at the Office of Financial Aid.

All eligible students are urged to file for the Tuition Assistance Program Award. Information is available in the Office of Financial Aid.

TUITION AND FEE SCHEDULES

All fees and tuition charges listed in this announcement and in any registration material issued by The Graduate School are subject to change by action of the Board of Trustees of The City University of New York without prior notice.

In the event of any increase in the fees or tuition charges, payments already made to The Graduate School will be treated as a partial payment, and notification will be given of the additional amount due and the time and method of payment.

All payments are to be made to the Bursar. Make checks payable to CUNY Graduate School. Payment may also be made on-line by credit card (Master Card or Discover).

New York State Residency

For the purposes of determining tuition charges, a student is considered a resident of the State of New York if he or she has his or her principal place of abode in the State of New York for a period of at least twelve consecutive months immediately preceding the first day of classes for the semester with respect to which the residency determination is made, states his or her intention to live and maintain permanently his or her principal abode in New York State, and is not in the United States on a temporary visa. All students requesting change of residency must file a City University Residence Form at the Office of the Registrar with sufficient supporting documentation. The deadline for filing to be effective for the Spring 2013 semester is February 15, 2013.

Masters students will be certified as full-time if they are registered for 12 or more billable credits. Level I doctoral students will be certified full-time if they are registered for 7 or more billable credits.

**Third-level students registered for courses for credit (with the exception of 90000) will be charged \$440.00 per credit for New York State residents and \$755.00 per credit for nonresidents; no charges will be imposed for courses registered as audits.

PETITION FOR A CHANGE OF LEVEL:

Students are responsible for ascertaining that their tuition level has been properly established. Questions regarding a student's level or residency for billing purposes should be brought to the attention of the Office of the Registrar and the Vice President for Student Affairs as soon as the student receives the bill, and not later than the end of the third week of the semester in question. **Unless a written petition is filed with the Registrar by February 15, 2013, and the Office of the Vice President for Student Affairs is notified of the pending petition, no retroactive changes in level or residency can be made.**

Movement to Level III tuition status results from Advancement to Candidacy. The "Advancement to Candidacy" form must be executed by the head of the student's program and filed in the Registrar's Office by February 15, 2013, for verification.

LANGUAGE READING PROGRAM

The CUNY Graduate School Language Reading Program will offer intensive, non-credit courses in four languages in the spring term designed to assist graduate students in meeting the language requirements for their degrees. These courses last for twelve weeks and aim at developing a reading knowledge of the languages.

Separate tuition (\$275 per course for currently matriculated students, \$795 for others) must be paid for offerings of the CUNY Graduate School Language Reading Program. Registration forms are available in the office of the Language Reading Program, Rm. 4415 on the fourth floor. Registration can be handled either in person (in our office) or by mail. The closing date is January 17.

American Studies Certificate Program

The Certificate in American Studies is available to students matriculated in Ph.D. programs at The Graduate Center. Students do not necessarily have to be working towards the Certificate to take courses in the program. American Studies at The Graduate Center give Americanists enrolled in Ph.D. programs the opportunity to study outside their disciplines in American Studies Certificate Program seminars specifically designed to move students across disciplinary and chronological boundaries. The program also prepares Americanists at The Graduate Center to teach and direct American Studies programs after graduation by giving a solid grounding in the history, theory, and method of the discipline. Requirements are an approved four-course sequence of seminars (81000 Introduction to American Studies: Histories and Methods; 81500 Themes in American Culture; 82000 American Culture: Major Periods and an additional course for American Studies credit). Information: americanstudies@gc.cuny.edu

Film Studies Certificate Program

The Certificate Program in Film Studies is open to students matriculating in all doctoral programs at The Graduate Center. The program aims to develop a student's basic familiarity with the history, theory, and criticism of the cinema as a medium and art form. Specific emphasis is placed on developing student competence in methods of historical research using film materials, awareness of the rich classical and contemporary traditions of film theoretical discourse, and cultivating skills in analyzing and interpreting films in a rigorous manner. In order to earn the Certificate, students must take two of the three 700-level courses as specified in The Graduate Center Bulletin as well as the Seminar in Film Theory. All of these courses may be taken without prerequisite. In addition, two more electives in film in any department complete the Certificate requirements. The Certificate is awarded when the Ph.D. is conferred. Information: filmstudies@gc.cuny.edu

Interactive Technology and Pedagogy Certificate Program

The ITP certificate program responds to strong doctoral student demand for access to interactive digital technology and pedagogy training and certification. It aims to better prepare doctoral students for life and work in the contemporary university and to impart valuable ITP skills and experience that will make CUNY Ph.D. holders more competitive when they enter academic job markets. The program's interdisciplinary approach is designed to provide a critical introduction to the constellation of questions related to science, technology and critical thinking; to explore pedagogical implications of interactive technology, and to advance students' skills as creators and users of technology-based educational tools and resources.

Medieval Studies Certificate Program

The Certificate in Medieval Studies is available to students matriculated in the Ph.D. programs at The Graduate Center. The program provides doctoral students with the opportunity to study the Middle Ages within the kind of broad, multidisciplinary framework that is particularly appropriate to medieval studies. It offers training in skills important to all medievalists and an introduction to the central scholarly issues facing medievalists today. In order to earn the Certificate, students take at least one interdisciplinary medieval studies seminar, two medieval studies courses outside their own disciplines, and a course in resources and methods for medieval research. They must demonstrate a reading knowledge of Latin, and their dissertation topics must be approved by the Advisory Committee of the Program. The Certificate is awarded when the degree is conferred. Women's Studies Certificate Program

The Certificate in Women's Studies is available to students matriculated in the Ph.D. programs at The Graduate Center. Women's Studies is an interdisciplinary approach to research and scholarship that draws on various disciplines, while challenging disciplinary boundaries. The general aim of the program is to offer critical reflection on the experiences of both women and men in terms of differences of gender, sexuality, race, class, ethnicity and nation. Students are prepared to teach courses and to do research in Women's Studies and related critical approaches to the disciplines, such as those developed in Queer Studies, Postcolonial Studies, and Cultural Studies. Besides focused course work and guidance in research, Women's Studies offers participation in a wide range of graduate student and faculty activities, including lecture series and forums. Students are also invited to participate in the research programs and seminars at the Center of the Study of Women and Society at the Graduate Center.
