Due to a recent change in the leadership of the Computer Science Program, and the new and foreseeable changes in faculty membership, the core curriculum and various aspects of our program, instead of completing an assessment report for any specific item this semester, we propose the following timeline for our assessment plan over the next three and a half years.

**Spring 2015**
By the end of this semester, we will put up the rubrics for Second Exam, Proposal and Final thesis evaluations.

**Fall 2015 – Spring 2016**
- Assessment of the Second Exam
- Assessment of the Proposal and Final thesis
- Prepare evaluation rubrics for the 12 core courses, which are listed in our new curriculum and related to the First Exam

**Fall 2016 – Spring 2017**
- Assessment of First Exam
- Prepare evaluation rubrics for Professional Ethics
- Prepare evaluation rubrics for Professional Development

**Fall 2017 – Spring 2018**
- Assessment of Professional Ethics
- Assessment of Professional Development
