MISSION STATEMENT

The Center for LGBTQ Studies provides a platform for intellectual leadership in addressing issues that affect lesbian, gay, bisexual, transgender, queer individuals, and other sexual and gender minorities. As the first university-based LGBTQ research center in the United States, CLAGS nurtures cutting-edge scholarship, organizes events for examining and affirming LGBTQ lives, and fosters network-building among academics, artists, activists, policy makers, and community members. CLAGS stands committed to maintaining a broad program of public events, online projects, and fellowships that promote reflection on queer pasts, presents, and futures.
