How to connect to ASRC Wi-Fi for iPhone

Effective: August 9, 2019
Last Updated: May 17, 2023

(Images used are from an older version of iOS)

1. Open Settings on your iPhone (Fig. 1) and click on Wi-Fi.

2. From the Wi-Fi menu (Fig. 2), make sure Wi-Fi is set to on, and click on CUNY from the list of available networks. A pop-up screen will appear for you to enter your GC network credentials (Fig. 3).

3. Once you enter your credentials, click next, and you will be automatically connected to the network.
